DETAILED ACTION

1. Amendment filed January 19, 2006 has been entered and acknowledged by the examiner.
2. Applicant's arguments, see page 11, filed January 19, 2006, with respect to claim 1 have been fully considered and are persuasive. The rejections of claims 1-24 have been withdrawn.

Allowable Subject Matter

3. Claims 1-24 are allowed.

The following is an examiner's statement of reasons for allowance: While the prior art does disclose an OLED having a transparent substrate, a semi-transparent layer, a first anode layer formed as a predetermined pattern, a metallic cathode layer, and an organic light emitting layer, the prior art does not disclose the optical distance between a top surface of the semi-transparent layer and a bottom of the cathode layer to be exactly a least (common) integer multiple of half the peak wavelengths of a predetermined set of colors. Hence, claim 1 is allowed. Claims 2-24 are allowed as a result of their dependence upon claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher M. Raabe whose telephone number is 571-272-8434. The examiner can normally be reached on m-f 7am-3:30pm.
